3M™ Accuspray™ Pressurised HGP Spray Gun

One spray gun,
ultimate versatility.

- ▶ Quick and easy matching of textured coatings
- ▶ Adjustable and efficient
- ▶ Improved productivity
- ▶ Reduced overspray
- ▶ Pressure cups for highly viscous materials

3M™ Accuspray™ Pressurised HGP Spray Gun. The Perfect System For The Perfect Results.

The new 3M™ Accuspray™ Pressurised HGP Spray Gun and PPS™ Pressure Cups are designed for high viscosity coatings.

You can now apply virtually any sprayable coating such as underbody protection, high build primers and stonechip.

For applying highly viscous materials:

- ▶ 3M™ Accuspray™ Pressurised HGP Spray Gun
- ▶ Easy cleaning
- ▶ Processing hard to reach places
- ▶ Diverse adjustment and nozzle options
- ▶ Many textures can be reproduced
- ▶ Less material consumption
- ▶ Ideal for use with 3M™ Body Gard™ Coatings

1.4 mm nozzle

1.8 mm nozzle

2.0 mm nozzle

3M™ Body Gard™ Coatings for textured, flat or smooth finishes.

- ▶ Excellent stone chip resistance
- ▶ High solids
- ▶ Coating becomes tack free in 10-25 minutes
- ▶ Fast drying

Using the Accuspray™ Pressurised HGP Spray Gun with 3M™ Body Gard™ Coatings you can quickly and easily achieve most OEM stonechip finishes.

Fast cleaning, fast material change!

Creates like new gun performance

Reduced sanding & cleaning time

Improves transfer efficiency

Reduced overspray

3M™ Accuspray™ System

3M™ Accuspray™ Spray Gun HG14 provides exceptional results though excellent atomisation resulting in higher transfer efficiency and lower overspray.

3M™ Accuspray™ Spray Gun HG14

Saving you time, money and material. Using the 1.4mm, 1.8mm or 2.0mm atomising heads / nozzles to achieve the desired results.

- ▶ 1.4mm nozzles are perfect for wet-on-wet primer applications
- ▶ 1.8mm nozzle is still the first choice for high build primer
- ▶ 2.0mm nozzle for sprayable polyester primer

Colour change in no time!

1 Pull the trigger guard and remove the nozzle by the two release latch.

2 Clean the needle with a solvent cross linked cloth.

3 Simply put on the new nozzle and you're done.

3M™ Accuspray™ System: Everything under control, everything in sight.
