

Product data sheet for uvex phynomic F XG protexxion zone

Maximum level of cut protection in combination with the best grip in oily conditions in its class. The Xtra Grip coating ensures excellent grip in oily areas and a long service life. For increased sustainability and safety. uvex phynomic cut protection gloves come from our carbon-neutral production in Germany. They feel like a second skin, are sensitive and meet the highest requirements for protecting your health (proDERM®). Thanks to touchscreen compatibility with all common screens, tablets and mobile phones, there is no need to take off the uvex phynomic F XG. The uvex protexxion zone between the thumb and index finger offers additional protection and an extended service life.

Features

- Good mechanical abrasion resistance
- Ergonomic fit
- certified skin compatibility (proDerm®)
- Increased service life due to uvex protexxion zone

Suitability for industrial working environments

- Suitable for damp and oily work environments
