

Description:

Scotch-Brite™ High Performance Cloth 2010 is an efficient cleaning tool consisting of a unique combination of bi-component microfibres and knit construction. The bi-component aspect of the microfibres allows for both oil and water absorption while the microfibres provide the maximum surface area for the collection of dust, oil, and water.

Scotch-Brite™ High Performance Cloth 2010 can be used dry or damp, with or without cleaning chemicals.

Special Features:

- Usable dry or damp
- Remove oil (including fingerprints), grease, dirt, water and dust from surfaces.
- Resistant to most common detergents (including diluted bleach 5000 ppm, pH < 10.7).
- Machine washable, maximum wash temperature of 95°C.
- Machine dryable (permanent press setting recommended)
- Streak-free. soft and flexible.
- Available in 5 colours.

Applications:

- Fingerprint removal from glass
- Dust removal
- Cleaning and polishing furniture, linoleum, hardwood, wall blinds, and hard surfaces such as stainless steel, chromes, enamel, screens, mirrors, windows, plastics, marbles... in hospitals, hotels, houses, offices, schools, and commercial buildings

Packaging:

50 per case (5 wipes per bag x 10)
250 per case (50 wipes per bag x 5 bags)

General Use Directions:

The Scotch-Brite™ High Performance

Cloth 2010 may be used with or without cleaning chemicals. The recommended procedures:

1. Use Scotch-Brite™ High performance Cloth 2010 dry and wipe surface; **or**
2. Wet the Scotch-Brite™ High Performance Cloth 2010 with minimal amount of water or cleaning chemical and wipe surface; **or**
3. Wet the hard surface with cleaning chemical and use the Scotch-Brite™ High Performance Cloth 2010 to clean; **or**
4. Saturate the Scotch-Brite™ High Performance Cloth 2010 in the cleaning solution and wring thoroughly before damp cleaning.

NOTE: While the Scotch-Brite™ High Performance Cloth 2010 does not scratch delicate surfaces, the cloth may trap particles that do. Always use a clean Scotch-Brite™ High Performance Cloth 2010 with edges folded away from the delicate surface. Turn the Scotch-Brite™ High Performance Cloth frequently to maintain a clean wiping surface.

Product Specifications:

(Typical Values)

Composition: 80% polyester
20% nylon
Size: 36 cm x 36 cm
Thickness: 2.0 mm
Basis Weight: 260 g/m²
Colours: Blue, Green, Red, White, and Yellow.
Marking: Laundry tag with care instructions.

Chemical Resistance:

Tests run by immersion of cloths during 2 hours in concentrate liquids, followed by rinsing with cold tap water.

Acetone	Resistant *
Ethanol	Resistant *
Ethyl acetate	Resistant *
Methyl alcohol	Resistant *
Sodium chloride	Resistant
Hydrogen peroxide 0.5%	Resistant * ¥
Bleach 5000 ppm	Resistant * ¥

* slight fading of colour may occur
¥ extended bleaching or exposure to hydrogen peroxide may reduce the overall life expectancy as compared to cloths not exposed to bleach or hydrogen peroxide

Laundry and Care:

Washing conditions:

- Maximum machine washable temperature of 95°C (200°F)
- use alkaline detergents with a pH level under 11, preferably use mild alkaline pH's 9.0-10.0
 - mechanical action = normal
 - spinning action = normal
 - rinsing = normal
 - 2nd rinsing = normal
- bleach may be used if desired for sanitation
- non-chlorine oxidizing products, i.e. hydrogen peroxide may be used if desired for sanitation
- do not use fabric softeners

Drying conditions:

- tumble dry at low temperatures using recommended permanent press setting
- maximum dry temperature 54°C (130°F)
- avoid over-drying, remove from dryers as soon as it's dry. Do not leave cloths sitting inside industrial type dryers after it stops as the drum surface temperatures are extremely high
- do not use fabric softener

Notes:

1. Microfibre cloths are to be laundered separately from other laundry items.
2. Microfibre cloths and microfibre flat mops are to be laundered separately.
3. Launder and dry with items that do not lint.
4. Based on durability testing done in a laboratory facility using a domestic type style washer with mild alkali detergents, 3M Scotch-Brite™ High Performance Cloths 2010 are durable through 500 washings.
